Yes, it's true!

Facility Group is under new management and our vision for the future is stronger than ever. Most importantly, our excellent professional staff, who have served our clients with outstanding integrity and talent, remain in place and eager to serve you.

Like most of corporate America, Facility Group's business has been hit hard by the economy. We have been forced to rethink how we operate in today's economic climate, and have taken the hard steps to transition to a more streamlined organization. Over the past few days, we have restructured our organization, cut out excess layers of management, reduced expenses across the organization, and implemented a smarter, more efficient approach – both internally and externally. Along with these important changes, we have maintained an exemplary team of talented and loyal professionals who have the expertise and resources to service you.

As Chairman, I am confident that these changes will greatly enhance and strengthen our working relationship. Facility Group is committed to facing the future with optimism, determination, and a genuine eagerness that has sustained us for almost 25 years. Please visit our website at www.facilitygroup.com for more information and updates. If you have any questions, please give me a call at 770-437-2700.

On behalf of everyone at Facility Group, I thank you for your business, and appreciate your continued support.

Sincerely,

Facility Group

Herb Sprague
